* IFSP numbers listed and grouped by referral date, not the date the IFSP was written.

** 12-month average is the average for the last 12 months in which it was possible for a referral to go over 45 days (for example, if the report is for September 7, then no August referrals would have had a chance to go over 45 days yet, so the 12-month average will take into account the last 12 months ending in July).

SPOE Data

* Some numbers may differ slightly from report to report due to factors like overlapping IFSP dates or lack of primary program eligibility. If you spot a larger error that needs to be addressed, please contact webreplyspedc@dese.mo.gov.
